Cannabis Companies Need You!

Now that Marijuana is legal in California. It's time we have a discussion about this new opportunity.

"In the last year, we have seen a definite increase in cannabis companies contacting us for employee benefits help"

"I think what's happening is... (cannabis) is starting to be seen as a legitimate business,"

THIS IS FOR YOU

Covid-Related SEP is here.
FREE Social Media Content
Provided by NAHU for you!

The Biden administration has opened a one-time special enrollment period on HealthCare.gov (the federally-run marketplace/exchange), running from February 15, 2021, to May 15, 2021.² And all of the states that run their own exchanges have followed suit, although the specific details vary by state. NAHU has given us special content for you to share on your social media platforms...

100% Subsidized COBRA

A significant mandate of ARPA impacting employers and their group health plans is the requirement to offer 100% subsidized COBRA continuation coverage to eligible plan participants (defined as "assistance eligible individuals" or "AEIs") between April 1, 2021, through September 30, 2021.....
